SAXON

Age: Senior

Sex: Male

Type of Dingo: K'gari (Fraser Island)

Colour: Ginger

Companion: Bonnie

Year of Arrival at the Sanctuary: 2010

Background:

I was born on K'gari but was smuggled off the island as a young cub to be a guard dog in Western Australia. Dingoes don't bark so I wasn't a very good guard dog! Thankfully after a few years of misery I found my way to the Dingo Discovery Sanctuary and Research Centre.

About:

I am one of the more senior and more dignified gentlemen at the sanctuary. As an ambassador dingo I've attended many events to show everyone just how wonderful dingoes truly are!

Other Info:

Dingoes live wild on K'gari and are all ginger. But we carry the black and tan gene as I have a black and tan daughter!
