

BANDIT

Age: Adult

Sex: Male

Type of Dingo: Alpine

Colour: Ginger

Companion: Koda

Year of Arrival at the Sanctuary: 2017

Background:

I was born at the Dingo Discovery Sanctuary and Research Centre

About:

I am a very sweet and gentle boy. I love being fussed over and will patiently wait my turn for attention (unlike some other dingoes!). I am named Bandit because when I was a cub, I had a very 'Zorro'-esque mask marking on my face, though the only things I steal are people's hearts.

Other Info:

My father was a Black and Tan dingo, meaning I likely carry the black and tan gene - a recessive but natural gene found within the dingo population.

Always smiling!

Hey there!
