

CRUSOE

Age: Adult

Sex: Male

Type of Dingo: Alpine

Colour: Ginger

Partner: Barkala

Year of Arrival at the Sanctuary: 2012

Background:

I was born at the Dingo Discovery Sanctuary and Research Centre!

About:

Hi! My name is Crusoe and I have been blind since I was very small. I am used to using all of my other dingo senses to get around and I know every corner of the sanctuary. I can find my way to every paddock and back to my pen all on my own!

I really like to keep an eye (or an ear) on what's going on around the place. I love all the volunteers because they give me food and treats and scratch behind my ear. But, my favourite thing at the sanctuary is my sweet partner, Cooma. I love her so much!

Other Info:

I don't let my blindness stop me and I can be incredibly gentle and loving!

Enjoying the smells

Something smells good!

Hello human, do you have treats?!
