

KODA

Age: Adult

Sex: Female

Type of Dingo: Alpine

Colour: Black and Tan

Companion: Bandit

Year of Arrival at the Sanctuary: 2020

Background:

I was found all alone in NSW and rescued before coming to the Dingo Discovery Sanctuary and Research Centre.

About:

When I first came to the sanctuary, I was so scared of humans and other dingoes. Although still shy, I am now more confident. I don't like change but have recently moved into a new enclosure and have settled in well.

My best friend is Bandit, and he is teaching me a lot about being a full-grown dingo! I still have a lot to learn, but I love my life here at the sanctuary.

Other Info:

Though we may look like Kelpies it's more likely that they got the Black and Tan colour from dingoes than the other way around.

Aren't I gorgeous?
