

MOKO

Age: Juvenile

Sex: Male

Type of Dingo: Alpine

Colour: Ginger

Companion: Acacia

Year of Arrival at the Sanctuary: 2020

Background:

I was found in the wild in Victoria with my sister Myrtle. We were orphaned after our mum was shot when we were about 5 weeks old.

About:

I am a bit of a shy Dingo but I am happy to greet the volunteers with a sniff and kiss before running off to play with Acacia

I love getting out into the exercise yards now and let the volunteers sit with me during morning exercise.

Other Info:

I was DNA tested by Dr. Kylie Cairns at the University of NSW and have absolutely no dog ancestry...I am 100% pure dingo!

Handsome boy!

Out exploring

Keeping an eye on things
