

POLLY

Age: Adult

Sex: Female

Type of Dingo: Alpine

Colour: Ginger

Companion: Beri

Year of Arrival at the Sanctuary: 2014

Background:

I was born at the Dingo Discovery Sanctuary and Research Centre.

About:

The humans think I'm one of the cheekiest dingoes at the sanctuary, but I just think I'm pretty clever! Apparently they don't like my fun game of chase me around the paddock because I don't want to come back in just yet!

I can be a bit shy so am often hiding when new people come to visit, but I love my longer term volunteers!

Other Info:

I have the best "side eye" of the sanctuary dingoes!

Keeping an eye on everything.

Even as a cub I had a great stare!

With my cubs!
